The Arizona Chamber of Commerce & Industry Political Action Committee
Uniting Business. Advancing Arizona.

Elected officials at all levels of government make decisions that directly impact the business climate within our state. Whether it is increased property taxes, burdensome regulations or costly mandates, these policies create new obstacles for Arizona businesses. These obstacles ultimately lead to higher levels of unemployment and severe economic consequences for individuals and families. It is vital that government leaders understand and advocate in favor of policies that will allow both our businesses and our people to thrive and prosper in Arizona. Therefore, we need your help to make sure business-friendly candidates are voted into office!

What is the Arizona Chamber PAC?

The Arizona Chamber Political Action Committee (PAC) was established to actively support state candidates who share the principles and priorities outlined in the Arizona Chamber Business Agenda. Furthermore, the Arizona Chamber PAC may be used to influence the outcomes of key political races. The focus of the PAC will be to assist business-friendly candidates, regardless of party, who seek elected office. The goal of the PAC is to raise a significant amount of revenue and use those funds to provide the financial support necessary to elect as many qualified officeholders as possible. Candidates will be able to use their Chamber PAC contribution for a variety of purposes, including informing voters of their experience, background, qualifications and position on important issues.

The Arizona Chamber PAC is not affiliated with any political party and is non-partisan in its support of candidates. The Arizona Chamber PAC is funded by individual contributions and by transfers from other business PACs. Funds in the PAC will be distributed to candidates as determined by the PAC Committee pursuant to the bylaws.
